

Cut out and laminate some vans  
to move around the map

Complete this program – will it work on your map?

Cut out the instructions on the next page, and use them to complete the program below.

Can you create a map where this program  
would get the van to the house?

<div>move forwards </div>	<div>road exists <div>forward ▾</div></div>
<div>turn left </div>	<div>road exists <div>left ▾</div></div>
<div>turn right </div>	<div>road exists <div>right ▾</div></div>
