## Blockly – Python matching code cards

| move forwards ⬆ | `v.move_forwards()` |
| turn left ⬅ | `v.turn_right()` |
| turn right ➡ | `v.turn_left()` |

## To create a repeat loop

repeat n times
do

for **count** in range **(n)**:

use any name for count, and the correct number for n

To print text in the output console:
**print** ('your text')
